Minutes from August were approved. Motion made by Mr. Ippoliti and seconded by Ms. Potter. All were in favor.

Public Comment

N/A

Update from Mr. Sergiovanni

Course:

1. The water crisis is over for this season. Morning temperatures proved enough dew to keep the grass alive. We never had to transfer water from the pond on the 15th hole.
2. We had to apply treatments for disease and insect damage to the grass more than 20 days during August because of the heat and humidity.
3. Revenue continues to exceed our highest estimates. The weather has been favorable with few closings. When the weather is good, every tee time is taken. We are offering a product that people come back.

4. The 7th tee renovation project is out to bid. The bid was extended, but work is still expected to begin in mid-October. Future tee renovations will take place on the 15th and 11th holes depending on future funding.

Mr. Tyrrell left the meeting at 7:30 pm to moderate a Town Meeting. Ms. Potter took over.

Old Business

The shack at the turn has improved to being acceptable. Our hope is it remains that way through the end of the season and starts out that way next year. The offerings there now are consistent with what should be expected at a halfway house.

New Business

There was no new business.

7:40 - A motion to adjourn meeting was made by Mr. Desrosier and seconded by Ms. Potter. All in favor. Meeting adjourned.
