

Jughandle Trail

PLANNED BY
MATTHEW OLKOSKI

Location of the Trail

The proposed trail is located on the Schlumberger property and is about .3 miles long. The current trail connects the start point and end point.

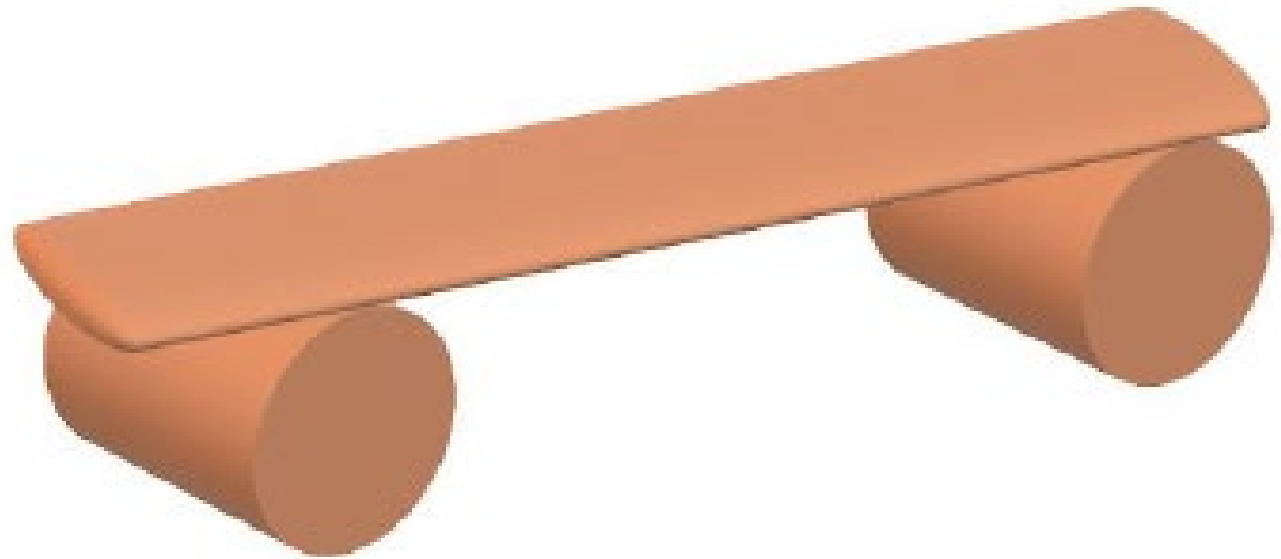

A larger image can be found among the other photos in the included packet.

Work Plan

Saturday	Sunday

Benches

I am going to add benches made of natural materials to overlook the beautiful scenery on the trail. The bench will be 18 inches tall, the depth will be 20 inches, and the width will be 52 inches. It will be made of logs. Timber locks will be used to connect the two bottom logs with the top half.

Rough draft of what the benches will look like.

Expenses

The material cost is \$41.31, as the attached estimate from Ridgefield Supply shows. I will bring some tools, and I will ask volunteers to bring their own tools if possible. I will cover the costs of supplies, but I would need about 42 dollars for my materials from the Conservation Committee. Supplies include food and drinks for volunteers.
