ITEM # 2 REPORTS AND DISCUSSION ON COURSE OPERATIONS

Mr. Sergiovanni:

1. Routine maintenance of the course continues: mowing and trimming.
2. Preparing for bids on some additional cart path work using some funds leftover from the earlier work.
3. The new carts are being repaired under warranty: replacing a failing part.
4. Left side netting on the driving range needs repair. Discussions are underway as to the extent of the repair, ranging from limiting clubs used on the range even further to a complete rebuild of the range. It is possible that income from the proposed cell tower could fund the work on the range.
