According to the Town Charter:

The Annual Town and Budget Meeting shall be held on the first Monday of May each year. It shall receive a "State of the Town" address by the First Selectman and long- and short-term planning reports from selected boards. The Board of Finance shall present the final budget proposed for adoption. The Town Meeting shall review and comment on the material presented for the benefit and guidance of all elected officials, including the Board of Finance and Board of Selectmen and shall conduct and vote on any business that may be outlined in the call.

The Town Meeting is designed to allow all property owners entitled to vote at Town Meetings as prescribed in the General Statutes the opportunity to comment on the Budgets, give elected officials feedback on materials presented and vote on Capital projects of less than \$100,000 each. At this year's Annual Town and Budget Meeting, the Town will be voting on the following Capital projects:
