Grievances brought under this Section are limited to the first three steps of the grievance procedure and are not subject to arbitration.

ARTICLE IV - NO DISCRIMINATION

d. Shift assignments may be adjusted within the shift period for any of the following reasons:

- employee training and/or testing;
- promotions/demotions;
- to fill vacancies created by employee turnover or by employee absences of ten (10) or more consecutive work days or by new special assignment positions;
- to accommodate a light duty assignment;
- for performance/disciplinary reasons;
- to resolve personnel conflicts or for other reasons as mutually agreed by the Town and the Union.

e. In the case of mid-year adjustments, police department management will seek volunteers and will reassign qualified employees who have volunteered on a seniority basis. If there are no volunteers, reassignments shall be made in accordance with the criteria for shift assignments as set forth in sub-section (b) 3. above. Whenever possible, employees who will be reassigned will be given advance notice of at least ten (10) days, and in no event less than five (5) days.

f. Appeal Procedure. Grievances challenging shift assignments are not arbitrable but may be processed up to and including Step 3 of the grievance procedure. Notwithstanding the foregoing, grievances challenging shift changes made for disciplinary reasons are arbitrable.

- 3) For the Three-year Re-certification Process, the accreditation officer's schedule shall be adjusted for a period not to exceed six (6) months, or if the process can be completed during normal work shift the officer may be relieved of shift responsibilities a few days a month.

Any of the above stated time limits for the Accreditation Process may be reduced at the sole discretion of the Chief.

Section 8.04. Employees performing substantially similar work shall be permitted to swap shifts or days off, subject to the approval of the Chief of Police or designee, under the following conditions:

- (a) A written request form including the reason for the request and the specific work hours each employee will work is completed by the employee and submitted to the Chief of Police or designee at least five days prior to the requested swap. For family or medical emergencies, the five-day notice may be waived.
- (b) The request is reasonable.
- (c) The staffing needs of the department are met.
- (d) The swap will not result in an employee working a double shift or working ten consecutive days or more.
- (e) The Town does not incur additional cost as a result of the swap.
- (f) Each employee may participate in swaps totaling up to 20 workdays each year; this limitation may be extended for demonstrated compelling reasons by the Chief of Police.
- (g) When a swap is granted, the employee requesting the swap is responsible for coverage on the shift or day swapped.
- (h) Employees who agree among themselves to substitute for one another on regularly scheduled tours of duty must pay one another back within the current 28-day work period.

ARTICLE IX - OVERTIME AND PREMIUM

- (a) All work performed in excess of the regularly scheduled daily working hours.
- (b) All work performed in excess of the regularly scheduled weekly working hours.
- (c) For purposes of computing straight-time and overtime rates, the figure of 2,068 shall be used to divide into the annual salary for the purposes of determining hourly rates.

Section 9.01A. Notwithstanding the foregoing provisions of Section 9.01, the Town and the Union agree that attendance at in-service training sessions, including general inspections, during after-duty hours will be mandatory on the part of employees and that a minimum of two (2) hours for each such session shall apply, with the exception of firearms qualifications. The Town agrees to compensate employees for such training, including travel time, at straight time pay or by providing compensatory time off on the basis of one hour of time off for each hour spent in training, at the option of the employee. The approval of requests to take such time off shall be at the sole discretion of the Police Chief, or his designee, which approval shall not be unreasonably withheld, based on the needs of the work schedule. The employee must schedule such time-off so that all such time earned in one fiscal year will be granted for time-off in the same fiscal year. Current practices concerning out-of-town and out-of-state training sessions shall be continued.

Section 9.01.B. The departmental work period of twenty-eight days shall be continued. Overtime pay, unless required by this Agreement, will not be paid for work performed up to 171 hours within the work period.

Section 9.01.C. Compensatory time earned by an employee must be taken within the fiscal year. Compensatory time will not be carried over from one year to another. If accrued compensatory time has not been taken by the end of the fiscal year in which it is earned, the employee shall be paid in wages for said time unless the Town extends the period during which such time may be taken beyond the fiscal year end.

Section 9.01.D. An employee who, when off duty, is required to appear in court or before the Department of Motor Vehicles or the Department of Liquor Control as a result of duties performed as a Ridgefield police officer or who is required by the Town to appear in court or before an administrative agency shall be paid at time and one-half for actual hours so worked. Said officer shall also be paid mileage to and from court at the current mileage reimbursement rate, provided he uses his own vehicle. Travel time which exceeds the usual time it takes the employee to travel between his residence and police headquarters will count as time worked.

Section 9.02. All work performed on holidays hereinafter specified shall be paid for at the straight time rate in addition to holiday pay so specified in the Article covering

holidays.

Section 9.03. If an employee is called back from off-duty status to work overtime, he shall be guaranteed a minimum of four (4) hours of work at overtime pay rates. The four (4) hour minimum shall not be paid if the employee elects to receive payment for time actually worked rather than accepting additional work offered to make up the total of four (4) hours. This minimum call-back is not applicable to training. A three (3) hour minimum applies to departmental staff meetings.

Section 9.04. The regular members of the Ridgefield Police Department shall have first choice of all overtime work.

Section 9.05. Employees may choose to convert up to forty (40) overtime hours at time and one-half overtime (equivalent to sixty (60) at straight time) per fiscal year, into compensatory time. Compensatory time earned via this method will follow the rules of Section 9.01C.

or funeral leave; and (3) employees on their regular day off.

Section 10.03. See Major Holiday Policy Appendix E

Section 10.04. Absence Before/After Holidays. Employees absent the day before or after the Thanksgiving, Christmas, New Years, Memorial Day or Fourth of July holiday will not be paid for that holiday with the exception of employees on funeral leave, vacation leave, worker's compensation leave (not heart and hypertension), employees on their regular day off or employees who were sick and who bring in a doctor's note. With regard to sick employees, one such absence due to illness will be permitted each fiscal year without a doctor's note being required, with no loss of holiday pay. Employees will be reimbursed for that portion of the reasonable medical fee charged for the doctor's note not covered by insurance. The day a holiday is observed will be determined by reference to the holiday list adopted by the Town's Department of Human Resources. For the purpose of this provision, a "holiday" shall be the day on which the holiday is celebrated according to standard calendars.

Section 10.05. Employees may choose to request up to four (4) holidays per fiscal year to be converted into Floating Holidays to be scheduled through the same procedures as outlined in Section 11.05. However, employees with less than six (6) months of continuous service may receive all or part of the disability benefits only when the Chief of Police specifically requests such payment from the Board of Selectmen.

(B) Weekly benefits will be paid in the amount of one hundred percent (100%) of the employee's regular base pay for a maximum duration of two weeks if approved by the Chief. If the Chief does not approve all or part of the two weeks, the employee, at his option, may use all or part of his unused occasional days for the unpaid portion of the two (2) weeks.

(C) After the first two weeks of absence and for a maximum duration of twenty-six (26) weeks, weekly benefits will be paid in the amount of sixty-six and two thirds percent (66-2/3%) of the weekly straight time earnings, provided the employee is under the care of a licensed physician.

12.023 - Long Term Disability (For Employees Hired Before March 1, 1988)

(A) After six (6) months of absence and up to the normal retirement date of the Federal Social Security Act, the employee shall be paid fifty percent (50%) of the employee's monthly straight time earnings, which shall be inclusive of any primary Social Security disability benefits, any pension benefits from the Town of Ridgefield Pension Plan, and any disability benefits originating from a plan to which the Town may have contributed.

(B) In the event an insurance carrier providing coverage for the Town for payments to employees under the provisions of the preceding paragraph (A) shall cease such payments to an employee on the grounds that the employee no longer meets the definition of the term "permanently disabled" as described in the contract of insurance, the Town shall continue such payments, but shall have the right to require such employee, no earlier than two (2) years nor later than five (5) years from the date of disability, to accept another job in the employ of the Town (preferably in the Department of last employment), at a salary no less than seventy-five percent (75%) of the current salary being paid to the step and grade of the job the employee held at the time of disablement. If the employee fails to report to work on such assigned job within a period of forty-five (45) days from the date of notice, the employee shall forfeit any future claims to payments under the provisions of this Article. If the employee claims physical inability to perform the duties of the assigned job after a thirty (30) day working period, the dispute shall be resolved by mutual agreement between the employee's physician and a physician appointed by the Town. If these two physicians cannot reach mutual agreement on the specific questions of the employee's physical ability to adequately perform the job, they shall jointly select a third physician whose decision shall be binding on the parties. In the event it is determined in accordance with this procedure that the employee is not able to physically perform the assigned job, the disability payments previously paid to the employee will be resumed at the same level. An employee returning to work under the provisions of this paragraph (B) shall retain his length of service with the Town for the purposes of determining eligibility for vacations.

12.024 - Long Term Disability (For Employees Hired On or After March 1, 1988)

(A) An employee who, after twenty-six (26) weeks, continues to be totally disabled and unable to perform his own job shall be eligible for benefits under this Section for the length of the total disability up to a maximum of twenty-four (24) months from his last day of work. Thereafter, if the employee is totally and permanently disabled and unable to perform any other occupation or trade to which he is suited by reason of education, rehabilitation, or training, he shall continue to be eligible for benefits under this Section up to the normal retirement date of the Federal Social Security Act.

(B) Notwithstanding the foregoing, Subsection 12.024 (A), if, after twenty-four (24) months of absence, an employee is able to perform work other than his own job and shows repeated and diligent effort to find work and has been unsuccessful in obtaining employment,

the employee shall remain eligible for benefits under this Section for as long as he continues to seek work until he obtains employment, provided, however, that, if the Town offers the employee employment in an established position which pays at least seventy-five percent (75%) of the current salary being paid to the step and grade of the job the employee held at the time of disablement, and the employee refuses the Town's offer, the employee shall no longer be eligible for benefits under this Section.

(C) The long term disability benefits shall be equal to fifty percent (50%) of the employee's monthly straight time earnings at the time of disablement less any payments for which he is eligible from Social Security and any other insurance or pension plan to which the Town has contributed.

Section 12.03. For employees hired on or after March 1, 1988: This Sick Leave Article shall apply to employees disabled from hypertension and heart disease, provided that the disability benefits shall be offset by any benefits which the employees receive under the law providing benefits to police officers for hypertension and heart disease.

ARTICLE XIII - INJURY LEAVE

Section 13.01. Each employee who is injured or disabled in the performance of his duties shall be entitled to injury leave from the date of the onset of such injury or disability until the date of his return to duty or the date he is placed on inactive status pursuant to Section 14.04 or the time he reaches normal retirement date or the end of the period set forth in the next paragraph, whichever comes first.

During the injury leave, the Town shall pay the employee one hundred percent (100%) of his net normal base pay as of the date of the injury less any workers' compensation, social security or other disability benefits paid to the employee for a maximum of up to eighteen (18) months from the date of the injury; provided that the eighteen (18) months shall be extended by up to six (6) months if the treating physician certifies that it is likely the employee will be able to return to work during that period.. For the purposes of this Section, net normal base pay shall mean base pay less deductions for FICA and federal and state withholding taxes.

All payments made under this Section will be made only if the provisions of Paragraph 2 of this Article have been fulfilled.

Should an employee who has been injured or disabled reach his normal retirement date while on injury leave, he will, at normal retirement date, be paid at a rate no less than sixty percent (60%) of the average annual base salary of the last three (3) years which he worked prior to the date of such injury or disability. Such rate will be reduced by an amount equal to any payments made under the Connecticut Workers' Compensation Law, exclusive of any specific award, and further reduced by any payments made to the employee under the

disability provisions of the then current Old Age and Survivors Insurance Act (Social Security Act) or fifty percent (50%) of the primary Social Security Benefit amount (when earned) determined in accordance with the current Act, and further reduced by any payments made because of any benefit plan, to which the employer had contributed exclusively.

Section 13.02. The Town shall pay the hospital, medical and drug expenses, in accordance with Workers' Compensation laws, for each employee who is injured or disabled in the performance of duty, provided that he reports all accidents, injuries, or disabilities to his superior officer immediately as soon as he becomes aware of such accident, injury, or disability; and further provided that he reports same within one (1) year of the date of such accident, injury or disability.

Section 13.03. Employees hired before March 1, 1988 who suffer any condition of impairment of health caused by hypertension or heart disease resulting in total or partial disability and who are receiving benefits under the Heart and Hypertension law shall be eligible for payments from the Town pursuant to paragraphs 2 and 3 of Section 13.01 above.

Section 13.04. The Town and the Union recognize that there may be a delay in determining whether or not an employee qualifies for temporary total disability benefits under the Workers' Compensation Law and that such delay could cause an interruption to the employee's income stream. In order to alleviate this situation, the Town shall advance the employee one hundred percent (100%) of his/her normal weekly straight time earnings, provided the employee is totally disabled from performing his/her job. When a final disposition of the claim is made, if the claim is denied and the employee remains totally disabled from performing his/her job, the Town shall pay benefits under the Sick Leave Article, retroactive to the employee's first day of absence. If advances made pursuant to this Section result in an overpayment or underpayment of sick leave benefits, the Town shall make adjustments required to conform to the Sick Leave Article. If the claim is approved and the employee qualifies for temporary total disability benefits, the Town shall pay benefits under the Injury Leave Article retroactive to the employee's first day of absence. However, the initial workers' compensation benefit check will not be released to the employee until the employee reimburses the Town for any overpayment caused by advances made pursuant to this Section.

ARTICLE XIV - STATUS OF EMPLOYMENT DURING EXTENDED PERIOD OF DISABILITY

Section 14.01. An employee who is absent due to a long term disability, both work-related and non-work-related, must keep the Town advised of the status of his disability by providing periodic medical documentation, including but not limited to the diagnosis, treatment, and expected duration of the disability. At any time after six (6) months of absence and before eighteen (18) months from the date of disability (which may be extended by up to six months if the treating physician certifies that it is likely the employee will be able

to return to work during that period), Town may give notice to the employee directing him to provide written documentation from his physician that details the nature of his disability, the dates of treatment, and a prognosis for return to work, including whether or not the employee has reached maximum medical improvement and whether or not the employee is expected to recover to the extent that he will be able to fully perform the duties of the position he held on the date of his disability. The Town may refer the employee for a medical evaluation by a second physician selected by the Town. When there is a conflict between the opinion of the employee's physician and the opinion of the physician selected by the Town, a third medical opinion shall be obtained. For such a purpose, the employee shall select a physician from a list of physicians from Yale-New Haven with the appropriate medical specialty. The third medical opinion shall prevail.

Section 14.02. For the purposes of this Article, "Date of Disability" is the first day the employee was unable to report to work due to the disabling illness or injury. Successive periods of disability separated by less than three calendar months are considered as the same disability when the cause of disability remains the same. For an employee assigned to temporary light duty, the period of disability shall continue uninterrupted by the assignment.

Section 14.03. In the event an employee refuses to provide medical documentation or to report for the required medical evaluations described in Section 14.01, the employee's status shall be changed to voluntary resignation as of the date of the refusal.

Section 14.04. The Town may place an employee who has been absent due to long term disability, either work or non-work related, on inactive status as follows:

When the employee reaches maximum medical improvement and is unable to return to work to perform the duties of the position he held on the date of disability, or the duties of any other bargaining unit position made available at the option of the Town or when an employee has been absent for eighteen (18) months from date of disability, whichever is earlier. The eighteen months shall be extended by up to six (6) months if the treating physician certifies that it is likely the employee will be able to return to work during that period

Section 14.05. An employee on inactive status who is disabled due to a work-related injury shall be eligible for continuing insurance benefits as provided by the Workers' Compensation Act.

An employee on inactive status receiving long term disability payments due to a non-work-related injury shall continue to be eligible for medical insurance coverage paid by the Town, subject to the same premium cost sharing as for active employees, according to the following schedule:

One year of medical insurance coverage for each year of continuous service as of the date of disability to a maximum of two (2) years of medical insurance coverage from the date that long-term disability commences.

Section 14.06. The Town may provide a temporary light duty assignment to an employee who has been absent due to long term disability, both work-related and non-work-related, provided the following conditions are satisfied:

- (a) The employee provides medical documentation from a physician that he/she is able to work full-time or part-time on any shift and that there is a reasonable likelihood that he/she will recover and be capable of assuming his/her regular duties; the Town may require the employee to obtain a second opinion from a physician selected by the Town; when there is a difference of opinion, the employee shall be ineligible for a temporary light duty assignment.
- (b) There is work available within the employee's work restrictions in the police department; the Town, the employee and/or the physicians who have evaluated the employee shall consider whether such work is within the employee's work restrictions; the determination of the availability of such work shall be at the sole discretion of the Town.
- (c) No more than one employee per shift may be assigned to temporary light duty on the patrol schedule; if a second employee on the same shift is able to work light duty, another light duty assignment may be created on a different shift. The senior officer, regardless of rank, shall have light duty shift preference. The shift assignments of other personnel may also be changed where necessary to accommodate the temporary light duty assignment.
- (d) In the event, an employee is not fit for full duty after being on light duty for the same disability for a total of 90 calendar days (excluding any periods of return to disability status), he shall be returned to sick or injury leave or given extended light duty, at the discretion of the Chief. Any employee on light duty shall be responsible for providing a doctor's note every thirty (30) days indicating whether the employee is fit to return to regular duty assignments. Upon the employee's return to sick or injury leave, any applicable benefits shall be paid by the Town as though the leave had continued uninterrupted.
- (e) An employee assigned to temporary light duty shall not be eligible to work any extra duty jobs and shall only work departmental overtime if no other employee is available and the overtime work is within the employee's work restrictions.
- (f) Part-time light duty is limited to a total of thirty (30) of the ninety (90) calendar days for the same disability.

ARTICLE XV - GROUP SURVIVOR INSURANCE PROGRAM

Section 15.01. Each employee with or without a spouse or an eligible child will be covered by a group life insurance policy of one and one half times salary rounded to the nearest thousand, with double indemnity in the event of accidental death.

Section 15.02. In the event a police officer dies in the line of duty, the Town shall contribute four thousand dollars (\$4,000.00) toward the funeral expenses. "Line of Duty", shall mean any action that a police officer is obligated and authorized to perform in the course of controlling or reducing crime and enforcing criminal laws, such as making arrests, conducting searches, and using whatever force is necessary, including deadly force, to enforce such laws and regulations. The First Selectman, the Chief of Police and the President of the Union shall be the body to decide eligibility. Therefore, this provision is not subject to the grievance procedure of this Agreement.

ARTICLE XVI - FUNERAL LEAVE

Section 16.01. Upon the death of a member of the immediate family of an employee, an employee may receive time off with pay in accordance with the following schedule:

- (a) Up to five (5) days commencing with the day of death in the event of the death of a spouse or child.
- (b) Up to three (3) days commencing with the day of death of a mother, father, father-in-law, mother-in-law, sister, brother, grandparents, grandchildren, and any relation or domestic partner of an employee in immediate residence with such employee.
- (c) One (1) day for attendance at funeral in the event of the death of any in-law, aunt or uncle.
- (d) The timing of the use of Funeral leave days as described in Sections a, b, and c above may be adjusted at the discretion of the Chief, to accommodate the fact that the timing of the actual services may not be within the specified times above. The guidelines for the number of days off specified in sections a, b and c shall still apply.

ARTICLE XVII - UNION BUSINESS LEAVE

Section 17.01. The Town will recognize one employee for the purpose of handling grievances and time so spent shall be without loss of pay.

Section 17.02. The Town will recognize two employees for the purpose of handling

contract negotiations and time so spent for these employees shall be without loss of pay.

Section 17.03. The Town will permit time off without pay for employees to attend Union meetings, conventions and conferences under the following conditions:

- (a) Reasonable advance notice of such meetings must be given to the Chief, stating the names of the members who will be attending and the duration of their absence.
- (b) No more than a total of two (2) employees shall be absent on any one occasion for that purpose.
- (c) A qualified replacement for the absent employee shall be available in the Department during the absence of an employee for such purpose. A qualified employee shall be deemed to mean another employee in the same classification as the absent employee.

ARTICLE XVIII - MILITARY SERVICE

Section 18.01. Every employee who enlists, or who is drafted in the Armed Forces of the United States, or who through any other procedure is called into active duty with such Armed Forces, will be placed on Military Leave. The Employer shall recognize its employment obligations for such returning veterans as provided by law.

Section 18.02. Employees who are ordered to reserve training with the National Guard or other reserve units of the United States Armed Forces shall receive the difference between their normal weekly base salary and their reserve training pay for such absences. This payment shall apply only as required by State or Federal Law.

ARTICLE XIX - INSURANCE AND PENSIONS

Section 19.01. Health Insurance. The Town agrees for the term of this Agreement to the following group health insurance program for all employees and their eligible dependents:

(a) Medical Plans.

Subject to the conditions set forth below, effective October 1, 2019, the Town shall offer each bargaining unit member the opportunity to participate in the Connecticut State Partnership Plan 2.0 (SPP) for health benefits in lieu of the health benefits described in Section 19.01 of this agreement. The health plan benefits shall be as set forth in the SPP effective on October 1, 2019, including any subsequent amendments or modifications made to the SPP by the State and its employee representatives. The administration of the SPP,

including open enrollment, beneficiary eligibility and changes, and other administration provisions shall be as established by the SPP. The current dental and vision plans will remain as outlined in the collective bargaining agreement with the associated premium cost share as outlined.

The effective date may change to November should the Union ratification not come prior to August 20, 2019 at 4pm, so that the BOS may also vote on this change, as the Town is required to provide 30 days' notice to move plans from the current provider.

1. Promptly upon ratification of this Agreement, the Town shall apply to the State to admit this bargaining unit to the SPP.

2. The premium rates shall be set by the SPP.

3. The employee percentage share of such premium costs shall be as follows:

Effective July 1, 2019 – 14.5%

Effective July 1, 2020 – 15.5%

Effective July 1, 2021 – 16.5%

Effective July 1, 2022 – 17.5%

4. The SPP contains a Health Enhancement Plan (HEP) component. All employees participating in the SPP are subject to the terms and provisions of the HEP. In the event SPP administrators impose the HEP non-participation or noncompliance \$100 per month premium cost increase or the \$350 per participant to a maximum of \$1400 family annual deductible, those sums shall be paid 100% in their entirety by the non-participating or non-compliant employee. No portion or percentage shall be paid by the Town. The \$100 per month premium cost increase shall be implemented through payroll deduction, and the \$350/\$1400 annual deductible shall be implemented through claims administration by the SPP. In the event the HEP non-compliance/non-participation penalties change, employees will be subject to those changes as well.

5. In the event any of the following occur, the Town or the Union may reopen negotiations for the sole issue of health insurance, including plan design and plan funding, premium cost share and/or introduction of replacement medical insurance in whole or in part.

- A. If the SPP in its current form is no longer available; or if the benefit plan design of the SPP is modified as a result of a change in the State's collective bargaining agreement with SEBAC, if such modifications would substantially increase the cost of the medical insurance plan offered herein. Reopener negotiations shall be limited to health insurance plan design and funding, premium cost share and/or introduction of an additional optional health insurance plan; and/or

- B. If Conn. Gen. Stat. Section 3-123rrr et seq. is amended, or if there are any changes to the administration of the SPP, or if additional fees and/or charges for the SPP are imposed so as to affect the Town, any of which amendments, changes, fees or charges (individually or collectively) would substantially increase the cost of the medical insurance plan offered herein. Reopener negotiations shall be limited to health insurance plan design and funding, premium cost share and/or introduction of an additional optional health insurance plan; and/or
 - C. If the cost of medical insurance plan offered herein is expected to result in the triggering of an excise tax under The Patient Protection and Affordable Care Act ([ACA; P.L. 111-148], as amended, inter alia, by the Consolidated Appropriations Act of 2016 [P.L. 114-113]) and/or if there is any material amendment to the ACA that would substantially increase the cost of the medical insurance plan offered herein. Reopener negotiations shall be limited to health insurance plan design and funding, premium cost share and/or introduction of an additional optional health insurance plan.
6. In any negotiations triggered under subparagraph 5 above as well as negotiations for a successor to this collective bargaining agreement, the parties shall consider the High Deductible Health Plan with Health Savings Account set forth in Section 19.01 of the collective bargaining agreement to be the baseline for such negotiations. Below is the previous 19.01 language to be used as the baseline plan.

The medical plan shall be a High Deductible Health Plan with a Health Savings Account (HDHP-HSA), the principal features of which are outlined in Appendix B. The full terms and details of coverage are as spelled out in the carrier's brochure.

The Town shall contribute to an employee's HSA:

- (i) fifty percent (50%) of the applicable deductible for the 2017 and 2018 plan years.

The funding of the HSA will be pro-rated (in whole months) for those who commence employment after July 1. The funding of the HSA will be adjusted on a pro-rated basis (in whole months) for those who have a family status change during the plan year, which results in any change of coverage level (single, two-person or family). Such adjustment shall be made effective the first day of the first month following the employee's providing documentation of the family status change to the Human Resources Director.

An employee shall not be responsible for payment of the fee for setting up and

maintaining the HSA. However, the employee shall be responsible for other banking fees such as the cost of checks, fee for replacement of a lost debit card and transfers of funds to a different bank or account.

7. Waiver of Insurance.

Notwithstanding the above, the employees may elect to waive all medical insurance coverage and in lieu thereof, to receive a payment of \$2,400. Payment to those employees waiving coverage will be made on a pro-rated basis each month during the year. Subject to applicable taxes.

(b) **Dental Plan.**

The current dental plan, the principal features of which are outlined in Appendix A. The full terms and details of coverage are as spelled out in the carrier's brochure.

Section 19.02. Life Insurance. As provided in Section 15.01, the Town shall provide for each employee group life insurance with Accidental Death and Dismemberment provisions in the amount of one and one-half times salary, rounded to the nearest thousand.

Section 19.03. Nothing in this contract shall prevent the Town from changing insurance carriers, provided that the level of benefits covered by any substitute insurance carrier, together with any amount paid by the Town as a self-insurer, shall be at least equal to the level of benefits described in this Article.

Section 19.04. Pensions.

The Pension Agreement referred to as "Town of Ridgefield Police Union Pension Agreement" and set forth in Appendix C is, by reference, made part of this Agreement and all amendments to such Pension Agreement are by reference, made part of this Agreement. Any provision of this Pension Agreement or any Town charter, ordinance or regulation notwithstanding, this Pension Plan shall apply only to employees hired prior to April 1, 2013.

The parties agree that the Pension Agreement referred to as "Town of Ridgefield Police Union Pension Agreement" and set forth in Appendix C will no longer be a subject of bargaining between the parties during any future contract negotiations or otherwise. Any proposal by either party in future related to the pension Agreement can be ignored by the other party and shall not be submitted to arbitration and shall not form the basis for either party declaring impasse in any future contract negotiations. All employees currently participating in the defined benefit plan set forth in the Pension Agreement will continue to participate and be eligible for the benefits set forth in the pension Agreement pursuant to that agreement, and those benefits will not be subject of bargaining between the parties.

Employees hired on or after April 1, 2013 shall participate in the Defined Contribution Plan outlined in Appendix D.

Section 19.05. Retiree Medical Insurance.

Upon Normal Retirement or Actual Retirement, whichever is later as described in the Town of Ridgefield Police Pension Plan, a retiree shall be given the opportunity to continue to participate in the same group medical plan as active employees, as an individual or with the additional spousal benefit as described in the collective bargaining agreement, through the retiree's eligibility for Medicare. For those who retire prior to December 31, 2013, the plan shall be that in effect at the time of retirement, and not subject to change. Employees who retire on or after January 1, 2014 will be subject to any changes made in the group medical plan for active employees. Eligible spousal benefits will cease at the time the eligible spouse reaches eligibility for Medicare. If an employee chooses not to participate in the medical plan at retirement, he/she may join the same group medical plan as active employees any time thereafter up to Medicare eligibility.

For employees hired prior to April 1, 2013, who retire prior to December 31, 2013, the retiree shall pay fifty percent (50%) of the Town's group rate for the medical insurance plan, capped at the dollar amount as of the date of retirement.

For other employees hired prior to April 1, 2013, the retiree shall pay fifty percent (50%) of the Town's group rate for the medical insurance plan, capped at one hundred percent (150%) of the dollar amount as of the date of retirement.

For employees hired on or after April 1, 2013, the retiree shall pay seventy-five percent (75%) of the Town's group rate for the medical insurance plan.

Such premiums shall be paid in advance by the retiree on a monthly basis. If the retiree fails to pay the monthly premium as required by the Town, the insurance shall be cancelled and shall not be renewable.

Effective upon signing of this agreement, the parties agree that the retiree medical benefits set forth within Section 19.05 will no longer be a subject of bargaining between the parties during any future contract negotiations or otherwise. Any proposal by either party in future related to retiree health benefits can be ignored by the other party and shall not be submitted to arbitration and shall not form the basis for either party declaring impasse in any future contract negotiations. All employees currently eligible for the retiree medical benefits outline above and below, and hired prior to the signing of this agreement, will continue to participate and be eligible for the benefits set forth in this agreement, and those benefits will not be subject of bargaining between the parties. New employees, hired after the signing of this agreement, will not have any benefits for retiree medical coverage.

Effective July 1, 2021, for employees hired prior to April 1, 2013, the retiree shall pay thirty-five (35%) percent of the Town's rate for the medical insurance plan, capped at two hundred percent (200%) of the dollar amount as of the date of retirement, or the date elected.

Effective July 1, 2021 for employees hired on or after April 1, 2013 but prior to the signing of this agreement, the retiree shall pay fifty percent (50%) of the Town's rate for the medical insurance plan, capped at two hundred and fifty percent (250%) of the dollar amount as of the date of retirement or the date when they elect the benefits.

Effective July 1, 2021, all employee hired prior to the signing of this agreement will also be eligible to enroll eligible dependents in the retiree medical plan. The retiree is responsible for the full cost of the additional benefits for their family. Therefore, if single with dependent children, the retiree must pay the difference between the single and two-person or family rate to enroll his/her dependents. For a couple with dependents, the retiree must pay the difference between the couple and family rate to enroll his/her dependents. Eligibility as a dependent is subject to the rules of the plan and state/federal guidance on dependent children age and marital status.

If a member of the Department shall suffer the loss of or damage to personally owned items such as wristwatches, eyeglasses, dental plates, etc., while performing in the line of duty, the Town will arrange for reimbursement to the extent possible within the budget account to which such expense will be charged.

This practice of recognizing a responsibility to protect employees while they are performing their duty will be followed as long as it is economically practical. It is understood that this commitment is purely voluntary by the Town and may be limited or withdrawn at any time. However, the Town makes this offer to show its concern for and interest in the members of the Department.

Section 25.02. Malicious Damage to Personal Motor Vehicles.

- (a) If any officer of the Department shall suffer damage to his or her private motor vehicle while it is parked at or near the Police Headquarters and such officer is on duty, the Chief of the Department will accept a request from such officer for

reimbursement of necessary repair expense if an estimate of such expense or an itemized bill of repairs completed is submitted with the request.

- (b) If the Chief determines that the damage appears to be malicious (that is incurred because the officer is working for the Police Department) and recommends reimbursement in whole or in part to the Board of Selectmen, the First Selectman will arrange for such reimbursement to the extent possible within the budget account to which such expense will be charged.
- (c) This practice of recognizing a responsibility to protect officers while they are performing their duty will be followed as long as it is economically practical. It is understood that this commitment is purely voluntary by the Town and may be limited or withdrawn at any time. However, the Town makes this offer to show its concern for and interest in the officers of the Police Department.

Section 25.03. The Town shall designate one bulletin board on the premises of the Police Department for the purpose of posting notices concerning Union business and activities.

Section 25.04. With the exception of minor repairs, no employee shall be required to perform any work in the Police Station which is classified as building trades work.

Section 25.05. Off Duty Weapon. If employees are required to carry a weapon while off-duty, any additional compensation for such obligation shall be open for negotiations during this contract if such negotiations are requested by the Union.

Section 25.06. Job Vacancies. Before job vacancies are filled in administrative type assignments such as records officer, detective-youth officer, Accreditation officer or detective patrol officer, the Chief of Police shall post a notice that such a vacancy exists to enable employees to indicate their desire to be considered for such assignment. Assignments shall be made at the sole discretion of the Chief, provided, however, that the employee selected may refuse the assignment.

Section 25.07. The Town shall give each present employee, and to each employee when he is hired, a copy of this Agreement.

Section 25.08. A Sergeant shall be required to complete performance evaluations for police officers under his/her supervision.

Section 25.09. The overall passing grade for a promotional examination shall be 70. Only an applicant who has achieved a score of at least 70 shall have seniority points added to his/her score.

ARTICLE XXVI - PERSONNEL FILE

Section 26.01. All employees shall have the right to review their personnel files upon reasonable request to the Chief and at such time that the request will not interfere with the orderly operation of the Department. Such request shall be granted within fourteen (14) days of the date of a written request.

Section 26.02. Employees shall receive a copy of all communications that are to be entered into their personnel files, and shall be afforded the opportunity to initial such communications prior to entry.

Section 26.03. Except as permitted by Connecticut General Statutes §1-210(b)(3), employees, upon request, may review that portion of any closed file which pertains to the employee. Said review shall be supervised by the Chief of Police or his designee.

ARTICLE XXVII - SUBSTANCE ABUSE PREVENTION

Section 27.01. The Town and the Union agree that the critical mission of law enforcement requires that all police officers must refrain from the possession and/or use of illegal substances at all times and that failure to so refrain is just cause for discipline in accordance with the procedures described in this Article.

Section 27.02. Employees shall be required to take drug tests without advance notice as a condition of continued employment as provided below:

- (a) A supervisor may order an employee to take a drug test upon reasonable suspicion that the employee is or has been using drugs. The employee's supervisor and a higher ranking officer shall prepare affidavits setting forth the basis for the reasonable suspicion.
- (b) An employee shall take a drug test when an unannounced mandatory testing program is required by the Town. The Police Chief or his designee shall determine the frequency and timing of such testing programs which shall be conducted when the employee is on duty. Employees shall be required to submit to no more than one (1) mandatory drug test per calendar year. More than one (1) employees may be scheduled for testing at the same time.

Section 27.03. Testing shall be conducted at the office of the police physician. A member of the physician's staff shall observe production of the urine sample. The employee shall be interviewed concerning recent food, beverage, and prescription drug intake which could affect the test outcome. If an employee is unable or unwilling to give a specimen at the time of the test, the employee shall remain under observation until a specimen is obtained.

The employee may be required to consume reasonable amounts of water during the waiting period.

Section 27.04. The laboratory selected by the Town to conduct the analysis shall be experienced and capable of quality control, documentation, chain of custody, technical expertise, and demonstrated proficiency in urinalysis. A written chain of custody (with signatures, dates and times) shall be maintained concerning each employee's urine sample. Drug testing methodology shall include procedures to confirm any positive test result. The urine sample shall be divided into three portions. If the first portion tests positive for an illegal substance, a confirming test shall be conducted using the second portion. The employee may request that the third portion be submitted directly to another comparable laboratory for testing. The employee shall bear the expense of this third test.

Section 27.05. In the event an employee is found in possession of an illegal substance or refuses to submit to a drug test or takes a drug test which confirms the employee's use of an illegal substance, consistent with the procedures in Section 27.04, the employee shall be discharged and said discharge shall be deemed to be for just cause.

Section 27.06. In the event an employee voluntarily discloses that he has a problem with drug or alcohol abuse, the employee shall be immediately placed on non-job-related disability leave and shall be required to commence a rehabilitation program acceptable to the Town. Reinstatement to employment shall be contingent upon the employee's satisfactory completion of the rehabilitation program and the employee's continuing participation in any prescribed follow-up program. Upon reinstatement, an employee with previous drug dependency shall submit to drug testing at least monthly for the first twelve (12) months and bi-monthly for the next thirty-six (36) months. An employee who refuses to submit to follow-up drug testing as required by this Section or who fails to continue in the prescribed follow-up program or who experiences a positive drug test result after reinstatement shall be discharged and said discharge shall be deemed for just cause. A disclosure of a drug dependency problem by an employee upon notice from the Town that he is scheduled for drug testing shall not be deemed to be a voluntary disclosure.

Section 27.07. Whenever a supervisor has reasonable suspicion that an employee is unfit for duty due to alcohol or drug abuse as demonstrated by the employee's physical condition and/or behavior upon reporting for work, said employee shall be immediately relieved from duty for that day. The Chief or his designee may order the employee to submit to a physical examination and/or to any testing, including but not limited to, a urinalysis and either a blood test or a breathanalysis by intoximeter. Both the urinalysis and the blood test shall be conducted by the police physician. The breathanalysis shall be administered by qualified police department personnel. All tests shall be administered in the presence of a Union official or his designee, unless the employee desires otherwise. Any employee reporting for work unfit for duty as a result of confirmed alcohol or drug use and/or refusing to submit to testing as ordered by the supervisor shall be subject to discipline up to and

including discharge. In the event the employee is found to have used an illegal substance, he shall be discharged pursuant to Section 27.05 above. In the event the employee is found to be unfit for duty because of abusing alcohol or legal drugs, he shall be referred for rehabilitation pursuant to Section 27.06 above.

Section 27.08. Test results obtained as a result of the procedures described in this Article shall be maintained in the employee's medical file, with a copy given to the employee. Departmental reports shall be amended, where necessary, to conform to the test results.

Section 27.09. The provisions of this Article shall not be construed as a waiver of any rights an individual employee covered by this Agreement may have in relation to drug testing by virtue of any statute of the United States or Connecticut State Constitution. Such statutory and constitutional rights are hereby expressly preserved and protected on behalf of each such employee.

The Town of Ridgefield agrees to indemnify and hold the Union harmless and to bear any expenses incurred by the Union relating to any litigation arising out of the operation of this substance abuse prevention Article.

ARTICLE XXVIII - TUITION ASSISTANCE

Section 28.01. The Town shall provide the following assistance to full-time employees in reimbursement for expense of tuition and required textbooks incurred by employees enrolled in job-related educational courses:

- (c) Courses must be completed with a passing grade;
- (d) The employee must obtain approval from the Chief of Police, or designee, before enrolling in the course;

All officers who serve three (3) full months on this Specialty Squad shall all earn personal days:

- a) Volunteers – two (2) personal days per quarter
- b) Assigned officers – one (1) personal day per quarter

The personal day earned for working the squad cannot be taken when it would cause any overtime cost. All earned personal days must be used in the three-month period immediately following the three-month period in which they were earned. Any officer who is unable to complete the Specialty Squad Assignment as a result of an off-duty injury or extended sick leave/disability shall receive a pro-rated amount of personal time as determined by the Chief and outlined under Sections “a” and “b” above.

All members of the department receiving the TEXT shall call the police department immediately. If at that time the member is told to report to work and does report to work, he/she shall receive an additional eight (8) hours of pay for answering and responding.

The department may also send a TEXT showing 611 or 411:

+ Initial 30-day supply at retail pharmacy is permitted. Thereafter, 90-day supply is required—through mail-order or at a retail pharmacy participating in the State of Connecticut Maintenance Drug Network.

++ Prescriptions are filled automatically with a generic drug if one is available, unless the prescribing physician submits a Coverage Exception Request attesting that the brand name drug is medically necessary.

Preferred and Non-Preferred Brand-Name Drugs

A drug's tier placement is determined by Caremark's Pharmacy and Therapeutics Committee, which reviews tier placement each quarter. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at www.osc.ct.gov/ctpartner) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It is not enough for your doctor to note "dispense as written" on your prescription; a separate

form is required.) If you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

Mandatory 90-day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You will be able to get your first 30-day fill of that medication at any participating pharmacy. After that your two choices are:

- Receive your medication through the Caremark mail-order pharmacy, or
- Fill your medication at a pharmacy that participates in the State's Maintenance Drug Network (see the list of participating pharmacies on the Comptroller's website at www.osc.ct.gov).

The Health Enhancement Program (HEP) is a component of the medical plan and has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your healthcare. Third, it will save money for the Partnership Plan long term by focusing healthcare dollars on prevention.

Health Enhancement Program Requirements

You and your enrolled family members must get age-appropriate wellness exams, early diagnosis screenings (such as colorectal cancer screenings, Pap tests, mammograms, and vision exams). Here are the 2018 HEP Requirements:

**Or as recommended by your physician

The Health Enhancement Program features an easy-to-use website to keep you up to date on your requirements.

Additional Requirements for Those With Certain Conditions

If you or any enrolled family member has 1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure), you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy copays for treatments related to your condition.

These particular conditions are targeted because they account for a large part of our total healthcare costs and have been shown to respond particularly well to education and counseling programs. By participating in these programs, affected employees and family members will be given additional resources to improve their health.

If You Do Not Comply with the requirements of HEP

If you or any enrolled dependent becomes non-compliant in HEP, your premiums will be \$100 per month higher and you will have an annual \$350 per individual (\$1,400 per family) in-network medical deductible.

Anthem DENTAL PREFERRED PROVIDER INSURANCE

The Schedule

For You and Your Dependents

The Dental Benefits Plan offered by your Employer includes Participating and Non-Participating Providers. If you select a Participating Provider, your cost will be less than if you select a Non-Participating Provider.

Emergency Services

The Benefit Percentage payable for Emergency Services charges made by a Non-Participating Provider is the same Benefit Percentage as for Participating Provider Charges. Dental Emergency services are required immediately to either alleviate pain or to treat the sudden onset of an acute dental condition. These are usually minor procedures performed in response to serious symptoms, which temporarily relieve significant pain, but do not effect a definitive cure, and which, if not rendered, will likely result in a more serious dental or medical complication.

Deductibles

Deductibles are expenses to be paid by you or your Dependent. Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached you and your family need not satisfy any further dental deductible for the rest of that year.

Participating Provider Payment

Participating Provider services are paid based on the Contracted Fee agreed upon by the provider and CG.

Non-Participating Provider Payment

Non-Participating Provider services are paid based on the Maximum Reimbursable Charge. For this plan, the Maximum Reimbursable Charge is calculated at the 80th percentile of all provider charges in the geographic area.

Standard Carryover Provision

Dental Expenses that were incurred and applied toward the Individual or Family Deductible during the last 3 months of the calendar year will be applied toward the next year's Deductible.

Simultaneous Accumulation of Amounts

Expenses incurred for either Participating or non-Participating Provider charges will be used to satisfy both the Participating and non-Participating Provider Deductibles shown in the Schedule. Benefits paid for Participating and non-Participating Provider services will be applied toward both the Participating and non-Participating Provider maximum shown in the Schedule.

TOWN OF RIDGEFIELD

POLICE DEFINED BENEFIT PENSION PLAN

The following agreement is made by and between the Town of Ridgefield (hereinafter "the Town") and the Ridgefield Police Union, The United Public Service Employees Union/Connecticut, Organization for Public Safety Division (UPSEU/COPS) (hereinafter "the Union") and contains the amended provisions of the Pension Plan for members of the bargaining unit. This agreement is supplementary to the provisions of the existing Collective Bargaining Agreement between the Town and the Union except as to the duration of the Pension Agreement which shall be as stated below.

The pension benefits delineated in this Appendix apply solely to employees hired prior to April 1, 2013. Employees hired on or after April 1, 2013 will be eligible for Retirement Plan benefits as outlined in Appendix D.

ARTICLE I
NORMAL RETIREMENT DATE

The normal retirement date shall be the earlier of:

- a) the first day of the month next following the employee's fifty-fifth birthday or,
- b) the first day of the month next following the employee's completion of twenty-five (25) years of recognized service under this plan, provided that employees who have reached the age of retirement (55) but who have not attained twenty-five (25) years of service, shall be permitted to work until the completion of twenty-five (25) years of service if the employee evidences physical ability to perform all the required duties of the job and has not reached his sixtieth birthday.

With the exception of the provision of 1 (b) above, employees who have reached the age of fifty-five (55) shall retire unless an extension of the retirement date has been granted by the Town.

ARTICLE II
MINIMUM REQUIRED SERVICE

To be eligible for any benefits at retirement, employees must have at least ten (10) years of continuous credited service at Normal Retirement Date.

ARTICLE III
NORMAL RETIREMENT BENEFITS

The monthly amount of retirement benefits payable to the employee for his life upon the employee's Normal Retirement Date or Actual Retirement Date, if later, shall be determined as follows:

One-twelfth (1/12) of his Final Average Earnings, multiplied by 2.5%, multiplied by each Year of Credited Service.

The above terms are defined as follows:

Years of Credited Service: Employees will receive credit for each Year of Employment (July 1 through June 30) during which they have worked at least twenty (20) hours in each week of no less than five (5) months of the year, or for each Year of Employment (July 1 through June 30) during which they have worked at least one thousand (1,000) hours provided for each year of employment (July 1 through June 30) they have made pension contributions in the required amount. Year of Employment shall mean each year of Continuous Service in the Town Police or Fire Department and seventy-five percent (75%) of each year of prior Continuous Service in any other Town department. Credited Service shall not exceed a maximum of thirty (30) years.

Final Average Earnings: The average earnings of an employee during the three (3) consecutive years immediately preceding his Normal Retirement Date or Actual Retirement Date, if later. Earning shall mean an employee's rate of base pay, specifically excluding overtime pay, bonuses, and any other non-recurring forms of compensation and specifically including longevity pay, holiday pay and detective premium pay.

ARTICLE IV
PAST SERVICE CREDITS

Full credit will be given for all past continuous service with the Town in the Police or Fire Departments. Since some employees have had prior continuous service in other Town departments before transferring to Police or Fire, an allowance of seventy-five percent (75%) credit will be given on each such year towards benefits under the Police and Fire plan. This means that each such year will be counted as 0.75 of a year or nine (9) months service (0.75 x 12 months) in the Police and Fire plan.

ARTICLE V
VESTING

Vesting of pension rights and benefits shall be after at least ten (10) years of continuous credited service regardless of age.

ARTICLE VI
EARLY RETIREMENT

Early retirement, that is the collection of pension benefits before Normal Retirement Date, shall only start after age fifty (50) years with at least twenty (20) years of continuous credited service and with an actuarial reduction of benefits.

ARTICLE VII
DISABILITY RETIREMENT

There shall be no disability retirement feature under the Pension Plan, since this benefit has been covered by a sick leave policy in the current Union contract.

ARTICLE VIII
SURVIVOR BENEFITS

The Pension plan shall contain options for employees who wish to take lower retirement benefits at retirement and have their surviving spouses receive a pension after the employee is deceased.

A pre-retirement death benefit as defined in the Town of Ridgefield Employee Pension Plan shall be incorporated in the Town of Ridgefield Police Pension Plan.

ARTICLE IX
ELIGIBILITY AND CONTRIBUTIONS

Employees shall be eligible to participate in the Pension Plan and shall commence contributions upon their date of hire, regardless of age.

Employees shall be required to contribute by payroll deductions the sum of six (6%) percent of their base pay, holiday pay, longevity pay, and detective premium for each credited year of service, not to exceed thirty (30) credited years in total.

The Employer shall take all measures necessary to ensure conformance with Section 414(h)(2) of the Internal Revenue Code so that employee contributions to the Pension Plan are treated as employer contributions for tax purposes.

The rate of interest credited to employee contributions returned to an employee leaving the Pension Plan shall be a minimum of two percent (2%) prior to July 1, 1984 and a minimum of five percent (5%) after July 1, 1984.

ARTICLE X
PENSION TRUST AGREEMENT

It is agreed that the amendments to the Pension Trust Agreement that will be drawn to effect the benefits previously outlined will be subject to prior review and approval by the

Union before adoption, since the regulations of the Trust Agreement will prevail, after adoption, in deciding all benefit claims and all administrative procedure not previously outlined.

ARTICLE XI
DURATION

This pension agreement shall be in effect from the implementation date through June 30, 2019.

The Duration of the Pension Agreement shall automatically be updated during all future contract negotiation to match the dates of the successor Collective Bargaining Agreement.
