Tools

Trail Maintenance:
- loppers
- rakes
- ax
- shovels
- digging bars
- bow saw

Bridge:
- chop saw
- generator
- skill saw
- cordless drill and bits
Total: $681.68

Materials: $611.68
(See Email)

Other: $70

Food/Water: $70
Navigating the Eagle Scout Service Project

Thank You and Congratulations

Congratulations! You recently volunteered as an Eagle Scout service project beneficiary, and thank you for your support as we work to make an impact in the area. Join us in celebrating your achievement. You have taken the first step in becoming an Eagle Scout, which is the highest rank in the Boy Scouts of America. Your commitment and dedication to this project are truly commendable.

The Eagle Scout Rank and the Service Project

Eagle Scouting is an important part of the Scout Oath: “…to help other people at all times.” By taking on this role, you have offered to provide leadership and guidance to others in your community. Your project will help address a community need and contribute to the betterment of those around you.

Typical Projects

There are countless ways to contribute to your community. Some common examples include: starting a community garden, building a community center, tutoring young students, or organizing a community event. The possibilities are endless. Your project will not only benefit the community but also provide you with valuable leadership and life skills.

Approval Project Plans

Before you begin, it’s important to ensure that your project is properly planned and approved. This includes securing the necessary permits and obtaining any required approvals from the authorities. Your project may also require the involvement of local organizations or businesses to ensure its success.

Funding the Project

Eagle Scout projects require funding. There are several ways to finance your project, including: seeking grant funding, donations from local businesses, or providing your own financial support.

Supervision

Your project will be supervised by members of your Eagle Scout group. They will provide support, guidance, and feedback to ensure that your project is on track.

Safety

Safety is a priority. Your project should be planned and executed in a way that ensures the safety of all involved. This includes: planning for emergencies, providing clear instructions, and ensuring that everyone involved is aware of the safety measures in place.

Navigating the Eagle Scout Service Project

Resources are available to help you navigate this process. You can find information and guidance on the Boy Scouts of America website, or by contacting your local council.

Remember, your project is a reflection of your hard work and dedication. Enjoy the journey and the impact you will make in your community.
