PROJECT UPDATE

ROUTE 7 PUMP STATION, FORCE MAIN, and WWTF DECOMMISSIONING PROJECT

The Water Pollution Control Authority’s Wastewater Facilities Upgrade project includes construction of approximately 13,600 linear feet of new 8-inch diameter underground force main piping from the Route 7 Pump Station to the South Street Wastewater Treatment Facility. The existing Route 7 Pump Station will be demolished and replaced with a new pump station in the same location on Route 7. The existing Route 7 Wastewater Treatment Facility will be decommissioned and demolished. The work is anticipated to occur from April 2022 through August 2023.

UPCOMING CONSTRUCTION ACTIVITY WEEK ENDING 4/29/22 (SUBJECT TO CHANGE)

- The Contractor will be conducting pre-construction photos and videos throughout the work areas on 4/26/22. These work areas include the following roads: Limekiln Road, Nursery Road, Still Road, Farmingville Road, Lee Road, New Road, Haviland Road, Poplar Road, Copps Hill Road, Ligi’s Way, South Street, Danbury Road and Ethan Allen Highway.
- Surveyors will be working on Ligi’s Way and Farmingville Road on 4/26/22.

PROPOSED CONSTRUCTION SCHEDULE WEEK ENDING 5/6/22 (SUBJECT TO CHANGE)

- Erosion control installation for Ligi’s Way and Farmingville Road.

GENERAL

- The WPCA will be posting weekly construction updates on the Town’s website for residents and businesses to view at www.ridgefieldct.org/water-pollution-control-authority-wpca

ANTICIPATED IMPACTS TO RESIDENTS AND BUSINESSES DURING CONSTRUCTION

- Minor traffic delays in the areas of work
