PROJECT UPDATE

ROUTE 7 PUMP STATION, FORCE MAIN, AND WWTF DECOMMISSIONING PROJECT

The Water Pollution Control Authority’s Wastewater Facilities Upgrade project includes construction of approximately 13,600 linear feet of new 8-inch diameter underground force main piping from the Route 7 Pump Station to the South Street Wastewater Treatment Facility. The existing Route 7 Pump Station will be demolished and replaced with a new pump station in the same location on Route 7. The existing Route 7 Wastewater Treatment Facility will be decommissioned and demolished. The work is anticipated to occur through February 2024.

UPCOMING CONSTRUCTION ACTIVITY WEEK ENDING 4/28/23 (SUBJECT TO CHANGE)

- Force main pipe installation will continue on Farmingville Road towards Ligi’s Way.
- Force main temporary trench paving will be installed at the end of the week.
- Manhole testing will be performed on Lee Road and Limekiln Road on Wednesday, 4/26/23.
- Traffic management will be provided by RPD and/or flaggers.
- Typical construction hours will be between 9:00 a.m. and 3:00 p.m.

PROPOSED CONSTRUCTION SCHEDULE WEEK ENDING 05/05/23 (SUBJECT TO CHANGE)

- Force main pipe installation will continue on Farmingville Road towards Ligi’s Way.
- Traffic management will be provided by RPD and/or flaggers.
- Typical construction hours will be between 9:00 a.m. and 3:00 p.m.

GENERAL

- The WPCA will be posting construction updates on the Town’s website for residents and businesses to view at www.ridgefieldct.org/water-pollution-control-authority-wpca.

ANTICIPATED IMPACTS TO RESIDENTS AND BUSINESSES DURING CONSTRUCTION

- Some areas with unfinished road conditions
- Traffic delays around the areas of work
- Construction equipment will be mobilizing daily in the areas of construction
