- IV. Potential Initiatives for Autumn

A brief recap of our May Meeting

I. Ms. Phostoli, Assistant Principal at Ridgefield High School presented the 'No Place for Hate' initiative to the commission

-The program empowers students to stand up for what's right. The goal is to create a school environment where all kids thrive and feel safe to thrive.

Students take a pledge to speak out against prejudice and champion all students. The premise is that one student can make a difference in a school environment.

Student Ambassadors are being recruited for the program and have been advertised at the high school.

There is a website and plans to expand the No Place for Hate program with the goal of improving the school climate in the high school and beyond.

II. Web site update by Dianna. She is revamping the site to make it more visually appealing and user friendly. There will be a clear place to join and pertinent information for the public to peruse as they wish. We look forward to the June update!
